Item 4 of the contractor's proposal for field engineering services under Contract No. [REDACTED] includes a cost estimate of [REDACTED] for factory engineering necessary to answer unsatisfactory reports and to resolve other problems of equipment operation. Your attention is invited to the contractor's letter dated 25 June 1958, CMCC Doc. No. 151X51.1160, which proposed a program for continued engineering service on System 1 for the remainder of 1958. It would appear that there is a duplication of effort in these two proposals, although the 30 June 1958 work statement is not as detailed as that of 25 June 1958.
